

Co-Design Allied Health Toolkit to Build Capacity in Delivering Palliative Care

Oceanic Palliative Care
Conference 13–15 Sept 2023

Prof Jennifer Tieman
Dr Olivia Farrer
Dr Amanda Adams

Allied Health Toolkit

Provides an evidence-based resource to support palliative care practice of allied health professionals when caring for a person at the end of their life.

Haven't seen the toolkit?

Visit it here....

Why this Toolkit?

Online resources targeting context-specific needs have been found to build confidence of AHPs working in palliative care.

Allied Health Team

Using a co-design approach with allied health experts an online allied health toolkit was developed for the ELDAC website.

Practising in Aged Care

A sector survey needs assessment, a scoping review and environmental scan for practice resources was conducted.

Guidance and Research

ELDAC seeks to build workforce capacity through practical resources and trustworthy information.
