

Remember to make a plan that is achievable. You can use the learning assessment and learning plan to discuss your knowledge, skills and confidence in palliative care and advance care planning with your supervisor. Once you have created your learning plan and identified your learning needs and areas where further training is required, browse the links provided in this section on various types of education and resources that are recommended by the ELDAC team.

Section 1: Knowledge of Palliative Care and Advance Care Planning

Name	Date Completed
------	----------------

Knowledge Need Learning Priority	How will this be met?	Target Date	Date Completed	Evidence of Completion	How have you applied your knowledge in advance care planning and palliative care? Provide specific examples
	Select one
